DHS Complied with the Payment Integrity Information Act and Took Steps to Prevent and Reduce Improper Payments in FY 2025 (OIG-26-39, 18 pages), published by the U.S. Department of Homeland Security Office of Inspector General. Microsoft Word had already tagged it. We chose a federal agency's report so we can republish it; the Office of Inspector General did not ask for this and has not reviewed it. The tagged file is a copy we made; it is not an official version.

The call a checker can't make for you

A validator can't tell an answer from a heading. Only a reading of the table shows that the requirements across the top and the components down the side are the headings, and that every Yes and N/A is an answer. Word got that right in 4 rows and wrong in 8; we tagged all 12 the same way.

0 changed pixels on each of the 18 pages, original against tagged

0 failed checks in the PDF/UA test of PAC 2026.1, the current release of the free PAC checker

3 tables, each value tied to its header cells; all shown in our check report

USD 4 per page, minimum USD 100 an order. Your first file is free.

Nothing is paid up front: we invoice after delivery, due within 30 days, by card or purchase order. A first order of up to 100 pages costs at most USD 400. A structure problem your staff find within 30 days is fixed free, or you pay nothing for that file. Typed PDFs up to 35 pages; no scans, forms, maps or drawings.
